

## MOZAMBIQUE 2010

Hunting zone is more than 3000 sq km. close to border the Niassa Reserve along the Lugenda River. Being situated in the northern most part of Mozambique we are 200 km south of Selous Reserve in Tanzania.

The Niassa Reserve which totals 42,000 sq. km., created private buffer zones around the reserve. These zones operated by private investors assume the responsibility to preserve and enhance the flora and fauna of the area and help keep the human footprint to a minimum, thus preserving the natural environment of the reserve. This is the home for the African big 4, including a large population of mature elephant, as well as, rare species including Lichtenstein's Hartebeest, Niassa Wildebeest, Suni, Red Duiker and Sable.

### **Accommodations:**

We offer eastern and western safari camps each featuring private bungalows with matted beds, flushing toilets, showers, hot and cold running water, and generator powered lighting. A full compliment of camp staff exist at each to provide hot meals, daily laundry and client services. The larger Lugenda camp is situated on a high bank above the Lugenda River its lounge/dining hall facing the western sunsets and Niassa Reserve. The eastern Coutada camp is nestled on the canopied banks of the Namaho River surrounded by dense bush and abundant wildlife noises. Though it is remote, in the camps all the necessary equipment and personnel to cater to any needs our hunters may have. An extensive fleet of modern fully equipped 4 x 4 land cruiser vehicles; a 4x4 5 ton supply truck along with HF radio links, satellite telephone, email, and charter plane access are all provided to ensure adequate transportation and constant communication coverage.

There are several different options to reach us and the most efficient route is for clients to arrive and depart through Pemba, Mozambique, which is serviced by a commercial jet service from Johannesburg, SA via Maputo, Mozambique daily. Should conditions dictate there are other options, Lilongwe in Malawi, Harare in Zimbabwe and Dar-res- Salaam in Tanzania that can be arranged.

### **Customs, visas and insurance:**

Customs clearance is operative at your port of entry into South Africa and Mozambique. You must have a passport, valid for a minimum of 6 months beyond intended date of departure from Mozambique and have 2 blank pages in your passport. All non-Mozambique citizens **MUST** have a visa. Visa applications can be made to Mozambique Embassies, High Commissions or Consulates in your home country. Please apply well in advance.

### **SAFARI ITINERARIES**

Hunting safari days commence the morning after arrival in camp and terminate on the evening before departure. Traveling days are not considered safari days.

Any hotel accommodations before, during or after the safari are payable by the client.

### **MOZAMBIQUE HUNTING REGULATIONS**

The hunting season runs from the beginning of June to the end of November. Each hunting client must send well in advance 6 passport photos, personal details (certified copies of passport) and species desired to our office. The Wildlife Department then issues a hunting license with the hunter's photo attached and the species requested. Non – Mozambique residents must be accompanied by a licensed Mozambique guide and carry their licensees whilst in the field. The guide (professional hunter) shall advise the client of local wildlife laws and ensure the legality of the hunt.

### **Arms and ammunition:**

An import/export permit is required for South Africa, as well as Mozambique. Two rifles and one shotgun are allowed into the country with a maximum of 100 rounds of weapon specific ammunition each. No permits are required for bows. South African import/export permits are available upon arrival at no charge. Application for import/export permits of firearms into Mozambique must be applied for by RWH at least 90 days prior to the commencement of the safari and will be available upon entry into Mozambique. Firearms entering Mozambique without a valid permit, will be confiscated. No hunt may take place without valid rifle permits, trophy licenses and hunting cards accompanying the hunting party. A minimum of a .375 H&H Magnum is required by law for dangerous game. No handguns, semi automatic or military style firearms are permitted.

## MEDICAL INFORMATION

Mozambique, as with the majority of Africa is a malaria endemic area. Although this disease is only noticeably prevalent during the wet summer months, it is advised that a course of prophylactics should be taken before and after your visit. As anti-malarial drugs differ widely between countries and physicians, please consult with your local doctor. We can advise on certain drugs, but take no responsibilities for effectiveness or side effects.

Comprehensive medical boxes are available in all camps and our professional hunters are trained in basic first aid. It is advisable to utilize a medical rescue program such as med jet and take out personal coverage.

## TERMS OF BUSINESS:

Safaris are confirmed on receipt of 50 % of the total daily rate. The balance of the daily rate plus the Govt licences and Additional Charges are payable 30 days prior to the commencement of the safari and trophy fees are payable at the conclusion of the safari. Payment in camp must be made in cash or by bank transfer prior to the safari commencing. Unused fees will be refunded.

## CANCELLATION POLICY:

There will be no refund on any deposit paid, unless the hunt is cancelled no less than 6 months prior to 1st March of the calendar year in which the hunt is booked. In the event of the hunt being cancelled prior to this date, 50% of the deposit will be refundable.

## INDEMNITY:

"Any safari activity is potentially hazardous and it is essential that all lawful directions of the Safari Operator be followed. RAGOZIN WORLDWIDE HUNTING and its Directors will not accept responsibility for any illness, accident or loss whatsoever incurred in the course of the safari or for any expense from such illness, accident or loss."
